BEN. HILL announces that he will remain silent for an indefinite period. Don't do it, Mr. Hill, the world would remain enveloped in darkness.

If Nellie Grant Sartoris could see all the premature obituary notices written for her by the American press she would have a large volume of kind words. She shed a great deal of sunshine about the White House, and is kindly remembered by thousands.

THE election in California for Governor and members of Congress will be held on Thursday, the 3d day of September; in Maine for State officers and members of the Legislature September 8th; Iowa and Ohio will elect State officers October 14th; Maryland, Massachusetts, Minnesota, New York and Wisconsin will elect State officers November 4th.

THE Okolona Southern States is not in favor of ballot-box stuffing and the intimidation of voters by mob violence, as has been the practice, and favors ignoring the amendments to the Constitution, enacted since the war, to prevent it. It says that when the negroes present themselves at the polls and offer to vote, they should be treated as minors and their ballots refused.

GOV. MARKS is credited with saying that the recent election settled the State debt question. After his various other foolish public performances, we are prepared to credit him with this idiotic position. But an explanation of how it is settled, would be interesting. If the Governor would come down from his dignified perch long enough to explain, he would have a more attentive audience than he is likely to ever have again.

WE commend the enterprise of the Nashville American, which in its issue of Thursday morning publishes in full Secretary Sherman's speech delivered the day previous at Steubenville, Ohio. The American is a good newspaper, but its readers have not had as much sound, healthy reading in a whole year as is contained in this issue. We congratulate our contemporary upon its enterprise, and in this particular instance upon its good taste and judgment. There is hope for the country yet.

IT appears that after withdrawing from the race on the demand of a Democratic mob in Yazoo City, Miss., H. M. Dixon was called upon by a number of citizens who urged him to continue in the canvass. Owing to the fact that he had published his card of withdrawal under duress, he did not consider it binding, and upon reflection he concluded that it would be cowardly to resign under such circumstances. So he was still a candidate. This emboldened his enemies and ended in the tragedy with which our readers are familiar. The accounts given of his death show that Barksdale halted Dixon while passing along the street and at the same time marched out into the middle of the street with a double-barreled shot-gun. Dixon, it is said, made some attempt to draw a pistol, when Barksdale leveled his shot-gun and fired. Four bullets took effect in Dixon's back from which he died the same evening. It does not appear that Dixon had been guilty of any other provocation than his persistency in running for Sheriff against the regular nominee.

Reliable News of a Fresh Outbreak of Fever at New Orleans.

Two Cases Reported and the Isolation Process Being Pursued.

That it is Spreading Rapidly Denied, However.

Only Two New Cases, But Ten Deaths in Memphis.

Arkansas Guarding Against Memphis with Armed Police.

YELLOW FEVER.

MEMPHIS, August 22.—Two new cases were reported to the Board of Health this morning. Ten deaths have occurred since last night, as follows: A. H. Speers, Samuel Cross, Mrs. Dena Goldcamp, Hiram Hilscher, James K. Murray, Emma Moore, Philip J. Ryan, Mrs. S. W. Phillips, Samuel Rhodes, A. L. Rhodes. Four, last night, died beyond the city limits.

The daily mail service over the Louisville and Nashville railroad was resumed this morning.

NEW YORK, Aug. 22.—A Memphis special says that the Sheriff of Crittenden county, Ark., opposite Memphis, has issued an order threatening the arrest and punishment of Memphians if caught in the act of crossing to that side of the river. The entire river front of that county is closely policed by a mounted and armed force. The order was promulgated by authority of the Governor of Arkansas.

Telegrams received this morning from the very highest authority say the yellow fever is spending in New Orleans.

Special to the Cincinnati Gazette.

MEMPHIS, TENN., Aug. 20.—The plague exhibits an upward tendency again, to-day's official reports to the Board of Health furnishing twenty-seven new cases, the following whites being among the number: J. B. Thierdau, twenty-two years, 205 Elliott street; Thomas H. Cooke, thirty-five, 223 Second; Willie Gardner, thirty-one, City Hospital; Morris Pearl, twenty-four, City Hospital; Herman Hatcher, forty-five, 168 Auction; Herman Hatcher, ten, 168 Auction; John Skoffington, forty-three, 65 Union street; George Doyle, nineteen, 52 Hernandez street; John McDermott, twenty-five, 98 Beale street; John T. Miller, seven, 57 Main street; Maggie Outlaw, twenty-seven, 57 Main street; C. P. Baldwin, forty-five, 72 Commerce street; total whites, 12; colored, 15.

At the Howard rooms the following additional new cases were reported, all whites: Mrs. Sarah Hendrix, thirty-five years, 109 Elliott street; Mollie O'Brien, ten years, 15 Jackson street; Angeline Wolf, forty-six years, 660 Main street; Wm. Gummer, twenty-four years, 48 Poplar street; Mrs. Minnie Wilkie, corner Fifth and Jackson streets; Lizzie Rhodes.

Sam. Rhodes and a small boy of the Rhodes family, recently returned from Camp Father Mathew, and temporarily located on upper Main street, were also reported to the Howard, to whom nurses were furnished.

Undertakers report ten interments, five of which were from yellow fever, three being white persons, as follows: George Varbrick, 32, 130 Dunlap; Ernest P. Leake, 23, 156 Causey; Rosa Deries, 26, 141 Beale.

The burial of Maj. W. W. Guy occurred at 9 o'clock this morning, but being from outside the city limits his name does not appear in the official report.

WASHINGTON, Aug. 22.—The National Board of Health has received a telegram from Dr. Croft, of New Orleans, stating that the location of the new case of yellow fever reported is at 233 Dumaine street. It is probably the result of the infection from the first cases on Constance street. Another case is reported this morning at 477 Constance street in the infected region. The patient was taken sick August 16th. Isolation and disinfection have been enforced.

The National Board of Health is also in receipt of the following telegram from Havana: "The barks lack Prince, for New Orleans, and H. Glenn, for Baltimore, had no cases of yellow fever on board while here."

NEW ORLEANS, LA., Aug. 22.—In answer to a statement made to-

day in a dispatch from Memphis, Dr. Merrick, Secretary of the Board of Health, says: The yellow fever is not spreading here. Only two cases have occurred since July 29th. These cases were reported to the Board yesterday. They occurred in the same quarter of the city as the first case, the vicinity of Constance street.

WASHINGTON, Aug. 21.—The National Board of Health to-day instructed its Executive Committee not to issue rations to individuals or communities threatened with or infected by yellow fever, except in cases where persons are detained under supervision in order to prevent the spread of the disease, and even then only for the period of detention, and for the purpose of preventing individual suffering otherwise unavoidable. In other words, the Board will not furnish rations at all to those who remain in Memphis or other infected cities, and will furnish them to persons in camp under supervision only for a limited time and under exceptional circumstances.

NEW YORK.

NEW YORK, Aug. 22.—The question of the right of the trustees of cemeteries controlled by the Catholic Church to prevent the interment in consecrated ground of those who had in their lifetime belonged to secret societies, will come up before the Courts to-day, in a test case brought by the relatives of Dennis Coppers, who was accidentally killed last week. Coppers was a communicant of the Episcopal Church and his relatives were Roman Catholics. The body was placed in the receiving vault of the cemetery pending the decision of the Vicar General, and this being adverse, Coppers' friends have applied for a temporary injunction to prevent its removal, and this will be argued to-day before Judge Brunt. The case is exciting much interest.

The Peruvian Minister has received a cable dispatch from the Consul General at Panama, announcing that the blockade of Iquique has been suspended. The Chilean iron-clad, Admiral Cochrane, has been towed to Caldera and the fleet is at Antofagasta. The Peruvian monitor, Manco Capac, arrived at Islay.

GEORGIA.

ATLANTA, Aug. 22.—The presentation of Carpenter's portrait of Dr. Long, discoverer of anaesthesia, to the alumni of the University of Georgia, to be placed in the Capital, was made in the Hall of the House of Representatives to-day, in the presence of the Governor, Mrs. Long and family, Senators and members, Judges, members of the medical profession, Alumni, Mayor and members of the Council of Athens and large numbers of ladies and gentlemen. Senator Gordon made the presentation address. Hon. B. C. Yancy made the reception speech. Mr. H. L. Stuart, donor of the portrait, received hearty and merited praise in both speeches.

MINOR DISPATCHES.

NEWPORT, R. I., Aug. 22.—Soon after ten this morning Capt. Webb, the swimmer, was taken out of the water in an exhausted condition and is therefore out of the race. Boynton has made ten miles. Both started at 3 o'clock. There are immense crowds of spectators on the beach, and the city wears a holiday appearance.

REHOBOTH, DEL., Aug. 22.—The Surf House at this place was destroyed by fire about 3 o'clock this morning. There were sixty persons in the house at the time, but all escaped.

BLOXI, MISS., Aug. 22.—There has been a terrific storm at the Seashore Camp-grounds. The tabernacle and other buildings were blown down. So far as known, only two persons were hurt.

FOREIGN NEWS.

LONDON, Aug. 22.—Sir Garnet Wolseley telegraphs as follows: Five thousand Swazies are ready to attack King Cetewayo and this number will be increased to ten thousand before entering Zululand. The British operating with these or another composite force coming from the direction of Lubburg, should either capture Cetewayo or drive him to Col. Clarke's column, who is moving from southward. There have been further submission of the Zulus.

The daily News in a special edition this afternoon says: A successful Zulu raid is reported from Utrecht.

JEFF. DAVIS.

Little Doubt of His Being the Next Senator from Mississippi.

Special Dispatch to the Cincinnati Gazette.

WASHINGTON, Aug. 19.—A prominent Southern politician, who is familiar with Mississippi affairs, said to-day that he thinks there is little doubt of the return of Jefferson Davis to the United States Senate from that State. He thinks that no other candidate will stand any chance if Davis enters the field, "because," said he, "nearly every man will vote for him."

Maj. E. Barksdale, Chairman of the Mississippi Democratic State Committee, is a leading candidate for the United States Senate, but he lately made a speech in which he declared if Mr. Davis should be a candidate he would withdraw as against him.

Seaside Politics.

Special to the Cincinnati Commercial. WASHINGTON, Aug. 19.—Officials who return here from the watering places, where they have met politicians from all parts of the country, report that the Democrats are pretty generally for Tilden's re-nomination, and that among Republicans the officials and Administration men are for Sherman, while the anti-Administration men are for Grant. In seaside politics, Grant and Sherman seem to be alone spoken of.

CHICAGO, Aug. 22.—Two hundred laborers of the Chicago Dock Laborers' Union are on a strike for 25 cents per hour. They now receive twenty cents.

Be Ye Like Foolish.

"For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago I saw a U. S. flag with Hap Bitters on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her; she is now as well and strong as any man's wife, and it cost me only two dollars. Be ye likewise foolish."—H. W., Detroit, Mich.

Ayer's Ague Cure,

This is a compound remedy, prepared with scientific skill from vegetable ingredients, which rarely fails to cure the severest cases of Chills and Fever and the concomitant disorders. Such a remedy the necessities of the people in malarious districts demand. Its great superiority over any other medicine, yet discovered for the cure of Intermittents, is that it contains no quinine or mineral, and those who take it are free from danger of quinine or any injurious effects, and as healthy after using it as before. It has been extensively employed during the last thirty years in the treatment of these distressing disorders, and so unvarying has been its success that it has gained the reputation of being infallible. It can, therefore, be safely recommended as a sure remedy and specific for the Fever and Ague of the West, and the Chills and Fever of the South. It counteracts the miasmatic poison in the blood, and frees the system from its influence, so that fever and ague, shivers or chills, once broken up by it, do not return until the disease is again contracted.

The great variety of disorders which arise from the irritation of this poison, such as Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Spasmodic Affections, Hysterics, Pain in the Bowels, Cuts, Paralysis, and derangement of the Stomach, all of which become intermittent or periodical, have no speedier remedy than Ayer's Ague Cure, which cures them all alike, and protects the system from future attacks. As a preventive, it is of immense service in those communities where Fever and Ague prevails, as it stays the development of the disease if taken on the first approach of the preliminary symptoms. Travellers and temporary residents are thus enabled to defy these disorders, and few will ever suffer if they avail themselves of the protection this remedy affords.

For Liver Complaints, arising from torpidity, it is an excellent remedy; it stimulates the organ into healthy activity, and produces many remarkable cures where other medicines fail. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists. SOLD BY ALL DRUGGISTS EVERYWHERE.

Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidney, Lungs, Pimples, Pustules, Boils, Blisters, Tumors, Tetters, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alternatives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

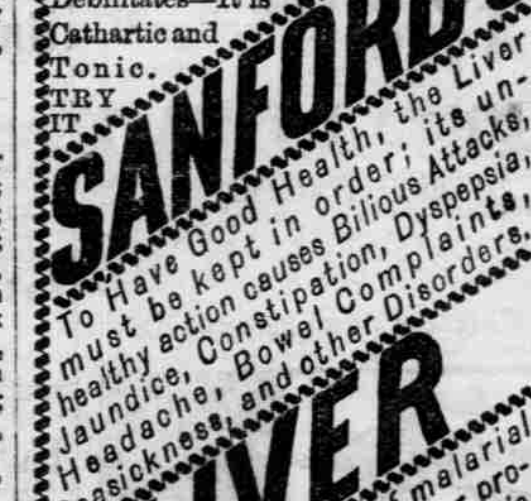

Its ingredients are so skillfully combined, that the full alternative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome diseases. The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being secured, and many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alternative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.

PREPARED BY DR. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists. SOLD BY ALL DRUGGISTS EVERYWHERE.
